Dear Francesco,

Thank you for the documents.

Please note that the contract for P12\_SC2+TS2 is missing.

I also still need the contract signed for Mr Ozodjon Haydarov.

As soon as I will get this last information I will be able to close the financial analysis of your file.

For the time being, the analysis is suspended and will start again once the requested clarifications and supporting documents received. We kindly ask you to send the requested supporting documents for the 7<sup>th</sup> of February 2020 at the latest in order to be able to close the file.

Should you have any queries, please feel free to contact us.

Kind regards,

Danielle

Dear Danielle,

please find attached the official letter explaining the reasons why we have produced only one offer for the equipment purchase.

Our Administration sent you the letter the 14th February 2020, but , this morning our protocol office noticed an error delivery message. The Administration will send the letter to you again, but in the meantime, I'm sending it with this email, also.

As concerning the documents for staff costs we will send you before Wednesday.

Warm regards,  
Francesco

**Subject:** CBHE Project 561621 - Request for supporting documentation  
**Importance:** High

Dear Mr Daponte,

We thank you for the submission of your final report for the abovementioned grant agreement that was registered by the Agency on **02/05/2019**.

Together with the project officer in charge of the monitoring of your project (in Cc of this message), I will conduct the financial analysis of the costs incurred and declared in your "Final Financial Statement". This analysis includes the sampling

of support documents required for certain items of expenditure. You will find attached an excel file specifying the items for which the supporting documentation has to be provided. The first spreadsheet ("Documents") indicates which document(s) has(/ve) to be provided for each budget heading and the "comments info+" in each individual worksheet indicate if specific information have to be additionally provided for certain expenses.

<< File: 561621 (2015-3676)\_Info+.xlsx >>

**Please make sure that if your support documents are in another language than one of the 3 EU official working languages, all key words, dates, amounts and currencies used are clearly identified. If this arise, make sure you include for these key elements (at least), a translation/explanation in English (a handwritten translation is acceptable) or summary tables where the expenses concerned are clearly identifiable. Also, please provide all prior authorisations that you may have received from the Agency for certain activities and costs declared.**

In addition to providing the financial documents, please note that you will also need to **upload your project results on the Erasmus+ Project Results Platform** (<http://ec.europa.eu/programmes/erasmus-plus/projects/>). We need to check and approve the results before being able to approve the final report.

We inform you that according to Articles II.1.2 and II.24.5 of the Grant Agreement, the payment time-limit is suspended as of the date of sending of this email and until the reception by the Agency of the support documents requested. This should occur within the next **30 days** (until the date of **06/06/2019**). Where the suspension period exceeds two months, you may request a decision by the Agency responsible on whether this suspension is to be continued.

Do not hesitate to contact us for further information or assistance should you need any.

Yours sincerely,

**ALDO HERMAN**  
Financial Officer

Dear Mrs Picot,

I'm Francesco Lamonaca, associate professor of electric and electronic measurements working with prof. Daponte.

On behalf of Prof. Daponte, I'm sending you the required files, please find attached. In order to make easy the understanding of the files, I've renamed them by adding on the begin the category at whom they refers.

Please do not hesitate to contact me if you have any questions,

Best regards,  
Francesco

Dear Mr Daponte,

We thank you for the submission of your final report for the abovementioned grant agreement that was registered by the Agency on **02/05/2019**.

Together with the project officer in charge of the monitoring of your project (in Cc of this message), I will conduct the financial analysis of the costs incurred and declared in your "Final Financial Statement". This analysis includes the sampling of support documents required for certain items of expenditure. You will find attached an excel file specifying the items for which the supporting documentation has to be provided. The first spreadsheet ("Documents") indicates which document(s) has(/ve) to be provided for each budget heading and the "comments info+" in each individual worksheet indicate if specific information have to be additionally provided for certain expenses.

<< File: 561621 (2015-3676)\_Info+.xlsx >>

**Please make sure that if your support documents are in another language than one of the 3 EU official working languages, all key words, dates, amounts and currencies used are clearly identified. If this arise, make sure you include for these key elements (at least), a translation/explanation in English (a handwritten translation is acceptable) or summary tables where the expenses concerned are clearly identifiable. Also, please provide all prior authorisations that you may have received from the Agency for certain activities and costs declared.**

In addition to providing the financial documents, please note that you will also need to **upload your project results on the Erasmus+ Project Results Platform** (<http://ec.europa.eu/programmes/erasmus-plus/projects/>). We need to check and approve the results before being able to approve the final report.

We inform you that according to Articles II.1.2 and II.24.5 of the Grant Agreement, the payment time-limit is suspended as of the date of sending of this email and until the reception by the Agency of the support documents requested. This should occur within the next **30 days** (until the date of **06/06/2019**). Where the suspension period exceeds two months, you may request a decision by the Agency responsible on whether this suspension is to be continued.

Do not hesitate to contact us for further information or assistance should you need any.

Yours sincerely,

**ALDO HERMAN**  
Financial Officer
